## FACTORY 1

# WHERE OUR STORY BEGINS

"We design indoor and outdoor tables and chairs, sofas, booths, armchairs, and umbrellas that add value to architects' and designers' projects. Our durable and stylish products, tailored for café, restaurant, and hotel spaces, make a difference. We also provide 3D models for seamless integration into your projects. With 43,000 m<sup>2</sup> of indoor and 27,000 m<sup>2</sup> of outdoor production space, totaling 70,000 m<sup>2</sup>, we meticulously craft each product with precision and care. We also bring architects' custom designs to life. We are ready to collaborate with you to turn your design visions into reality and elevate your projects."

## FACTORY 2

"At Sancrea Yachts, we bring our extensive experience in furniture design and craftsmanship to yacht manufacturing. In our 17,000 m<sup>2</sup> production facility, we build five different models, including 33-foot, 40-foot, and 58-foot fiber yachts, as well as 70-foot and 90-foot aluminum yachts. We combine elegant designs with durable structures to offer customized solutions for sea enthusiasts. Each yacht undergoes comprehensive testing in our dedicated in-house pool to ensure it is fully prepared for marine conditions. By uniting durability and elegance, we achieve exceptional results in both performance and comfort. We are steadily advancing toward becoming one of the most respected brands in the industry, blending quality and innovation with the spirit of the sea."

# SANCREA

Our stylish, modern and detailed designs, prepared with brand new models and detailed designs that will fit in different styles of spaces, are produced for your projects.
